

Hello, Impellam Associates:

This notification is for awareness that there was an error with Impellam's payroll file for pay date June 9, 2023. As a result, Impellam had to recall the initial deposit and re-issue a corrected deposit.

**What does this mean:**

You will see three transactions related to your direct deposit this week as follows:

1. The original deposit (incorrect)
2. A withdrawal of that deposit
3. The corrected deposit
  - The June 9, 2023 payroll deposit has been corrected to include deductions, if applicable. That includes items such as deductions for benefits, garnishments or 401(k). A corrected pay statement will be available in ESS and will reflect this update. If you do not normally have these types of deductions, your deposit will appear as it usually does.

**Timing:**

All corrected deposits will be available to your banks by Friday, June 9, 2023. Availability of those funds will be determined by your banking institution. You will have visibility to your pay statements that reflect the correct deposit on Friday, June 9, 2023.

If you have any questions, please contact our Payroll Department at (404) 806-7441.
